ANNUAL REPORT

Company, SBM Offshore conducts annual performance reviews for all employees. Globally, the Company uses a common system to grade and evaluate all permanent staff.

A Talent Management and Succession Planning program is in place to discuss the strengths, development needs and potential future career paths of SBM Offshore employees, taking into account certain criteria and identifies those who have the potential to take on greater leadership roles today and tomorrow.

SBM Offshore reports its Human Resources data in Operational Segments, which correspond to different regions and segments of the SBM Offshore population, which is a more relevant breakdown method for SBM Offshore's stakeholders.

SBM Offshore has also chosen to disclose training information in the employee categories onshore/offshore as a relevant breakdown method for the Company's stakeholders, as these are two very different types of populations with different training needs. All employees receive regular performance and career development reviews, therefore breakdown per employee category and gender is not appropriate. SBM Offshore reports its e-learning Ethics & Compliance training activity for permanent staff only.

2. Legal and compliance fines of a criminal nature which exceed US\$ 50,000. (Related to fraud, corruption, bribery, insider trading, etc.)
